

Let's get started

apsolut is a young consulting company focused on optimizing business processes in purchasing. In addition to strategic purchasing consulting, our consulting services include implementation of software solutions for eProcurement, vendor management, strategic purchasing (sourcing), master data harmonization, and tailored customer solutions.

Consulting covers all aspects of a holistic approach. In our opinion, consulting concerns not only the analysis and conceptual design of a suitable purchasing solution, but also implementation strategy consulting, process design, customer-oriented enhancements, and all aspects of project management.

To be able to satisfy this holistic requirement, our portfolio also includes contiguous topics such as technology and infrastructure consulting. apsolut's branch offices in Bielefeld and Leinfelden-Echterdingen offer this portfolio to customers of all sizes, from all industrial sectors, both nationally and internationally, thus ensuring a broad and varied environment with different areas of specialization.

We wish to further expand our business area in Bielefeld and/or Leinfelden-Echterdingen and therefore seek a committed

Student (m/f) for an internship

Following your internship, you will have the opportunity to continue working as an intern and/or to write your diploma thesis.

Your profile:

- Interested in purchasing-related process and application consulting
- Currently studying information systems, computer engineering, industrial engineering or business studies
- (Basic) knowledge of SAP R/3 (optional)
- Basic knowledge of ABAP/Java programming (optional)
- Very good PC skills
- Proficient user of Microsoft Office products
- Good written and spoken German and English
- Able to work within a team, good analytical and conceptual skills, a good communicator, flexible, and can act on one's own initiative

As a new member of our team, we will offer you job-related and practice-oriented education and further training that will fully utilize your skills. Your tasks will span apsolut's entire service portfolio and together we will identify an area of specialization that reflects your interests.

Your tasks:

- Work within a young, motivated team
- Support projects and day-to-day business
- Versatile activities within the SAP environment

So what's the next step? Send your compelling profile, contact details, and potential availability to personal@ap-solut.com. We will review your application immediately and, if you are suitable, we will invite you to attend an interview in the very near future. It goes without saying that we will treat your application as confidential.

Join the apsolut GmbH! We look forward to hearing from you!
